Communication With Those Charged With Governance  
Year Ended December 31, 2015

Generally accepted auditing standards (AU-C 260, *The Auditor's Communication with Those Charged with Governance*) require the auditor to promote effective two-way communication between the auditor and those charged with governance. Consistent with this requirement, the following summarizes our responsibilities regarding the financial statement audit, as well as observations arising from our audit that are significant and relevant to your responsibility to oversee the financial reporting process.

### **Our Responsibilities and the Planned Scope and Timing of the Financial Statement Audit**

Our responsibility under auditing standards generally accepted in the United States of America has been described to you in our arrangement letter dated January 25, 2016. We have issued a separate communication regarding the planned scope and timing of our audit and have discussed with you our identification of and planned audit response to significant risks of material misstatement. Our audit of the financial statements does not relieve management or those charged with governance of their responsibilities which are also described in that letter.

### **Accounting Policies and Practices**

#### **Preferability of Accounting Policies and Practices**

Under generally accepted principles, in certain circumstances, management may select among alternative accounting practices. In our view, in such circumstances, management has selected the preferable accounting practice.

#### **Adoption of, or Change in, Accounting Policies**

Management has the ultimate responsibility for the appropriateness of the accounting policies used by the Agency. The Agency did not adopt any significant new accounting policies nor have there been any changes in existing significant accounting policies during fiscal 2015.

#### **Significant or Unusual Transactions**

We did not identify any significant or unusual transactions or significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

#### **Management's Judgments and Accounting Estimates**

Summary information about the process used by management in formulating particularly sensitive accounting estimates and about our conclusions regarding the reasonableness of those estimates is in the attached Exhibit A, Summary of Significant Accounting Estimates.

### **Audit Adjustments**

There were no audit adjustments made to the original trial balance presented to us to begin our audit.

Year Ended December 31, 2015

## Uncorrected Misstatements

We are not aware of any uncorrected misstatements other than misstatements that are clearly trivial.

## Disagreements with Management

We encountered no disagreements with management over the application of significant accounting principles, the basis for management's judgments on any significant matters, the scope of the audit, or significant disclosures to be included in the financial statements.

## Consultations with Other Accountants

We are not aware of any consultations management had with other accountants about accounting or auditing matters.

## Significant Issues Discussed with Management

No significant issues arising from the audit were discussed with or the subject of correspondence with management.

## Significant Difficulties Encountered in Performing the Audit

We did not encounter any significant difficulties in dealing with management during the audit.

## Communicating Significant Deficiencies and Material Weaknesses in Internal Control over Financial Reporting

Our consideration of internal control over financial reporting was for the limited purpose of expressing an opinion on the financial statements, and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal controls over financial reporting that we consider to be material weaknesses.

## Significant Written Communications Between Management and Our Firm

Copies of significant written communications between our firm and the management of the Agency, including the representation letter provided to us by management, are attached as Exhibit B.

We will be pleased to respond to any questions you have about these matters. We appreciate the opportunity to be of continued service to you.

This report is intended solely for the information and use of the Board members and management and is not intended to be and should not be used by anyone other than these specified parties.

### Summary of Significant Accounting Estimates Year Ended December 31, 2015

Accounting estimates are an integral part of the preparation of financial statements and are based upon management's current judgment. The process used by management encompasses their knowledge and experience about past and current events and certain assumptions about future events. You may wish to monitor throughout the year the process used to determine and record these accounting estimates. The following describes the significant accounting estimates reflected in the Agency's December 31, 2015 financial statements:

<u>Estimate</u>	<u>Accounting Policy</u>	<u>Estimation Process</u>
<b>Allowance for Uncollectible Receivables</b>	Allowance is based on a review of outstanding amounts on a frequent basis.	Management determines the allowance for uncollectible revenues by identifying troubled accounts, using historical experience applied to an aging of accounts and information provided by the administrator of the Loan Fund.
<b>Depreciation</b>	Depreciation is computed based on asset groups, using the straight-line method.	The estimated lives used in determining depreciation are based on industry standards and the historical experience of the Agency.

We have evaluated management's significant accounting estimates noted above as part of our audit, and concluded that management's estimates and the estimation process appear reasonable in the context of the financial statements taken as a whole.
